**3999<sup>00</sup>**

With 2 Drives

- Each 8" Thin-Line Drive Gives You 1.25 Megabytes of Data Storage
- 8 Special-Function Keys Provide Quick Access to Program-Designated Functions

## The Multi-Purpose Workstation for the '80s!

The all-new TRS-80 Model 12 opens an exciting new world of applications for the microcomputer user. It offers a unique combination of power, versatility and easy expandability. It's truly remarkable, especially when you consider Model 12's affordable price.

### Deluxe Features

The TRS-80 Model 12 includes monitor and a thin-line disk drive (with room for a second drive) in an attractive, low-profile case. The high-resolution 12" green phosphor video screen improves readability and displays 24 lines of 80 characters. The detachable type-writer-style keyboard means it can be positioned for comfort and operator efficiency. The keyboard features a numeric datapad and eight programmable special-function keys. Model 12's thin-line drives and disk operating system support both single-sided (TRSDOS 2.0) and double-sided (TRSDOS 4.2) diskettes. Best of all, the new TRS-80 Model 12 is compatible with all Model II software. So a large library of ready-to-run programs is now available.

### Easy User Expansion

One of the most exciting features of the new TRS-80 Model 12 is its tremendous expansion flexibility. After installation of our optional Model 12 Card Cage, you'll have six plug-in card slots that allow you to quickly expand your system at any time to the power and capability you need. And you can do it yourself! For example, simply insert our Model 16 Upgrade for true 16/32-bit processing and 128K

memory. Other memory options can be added for up to a full 512K with the Model 16 Upgrade. Create amazingly detailed charts and graphs on your screen with our High-Resolution Graphics Kit. Generate larger spreadsheets with the VisiCalc® Memory Expansion Board. And soon you'll be able to add our new ARCNET™ system that will allow any combination of up to 255 TRS-80 Model 12 or Model II computers to be connected for high-speed local networking. In addition to its easy internal expansion, the new TRS-80 Model 12 expands externally with one or two more floppy disk drives and with up to four of our new 12-megabyte Hard Disk Drives.

**TRS-80 Model 12 with 1 Drive.** 26-4004 ..... 3199.00

# New 12-Megabyte TRS-80 Hard Disk Drive

Primary Drive

**3495<sup>00</sup>**

Installation Extra

Secondary Drive

**2495<sup>00</sup>**

Installation Extra

- **Extremely Fast Access to Programs and Data Through Powerful Winchester Technology**
- **Compatible with Most Model II/12/16 Software**

The new Radio Shack 12-megabyte Hard Disk Drive gives you vastly increased data storage capacity—with exceptionally fast access and ease of use. It's ideal for large inventory control needs, accounting and data base management systems. The advanced operating system's many superior, user-friendly features make file handling a breeze. All currently available TRSDOS library commands are supported, and enhanced features designed specifically for the hard disk system have been included.

**Primary Hard Disk Drive.** 26-4152 ..... 3495.00  
**Secondary Hard Disk Drive.** 26-4153 ..... 2495.00

- **Ideal for Large Accounting and Data Base Needs**
- **Add Up to Three Secondary Hard Disk Drives For a Total of 48 Megabytes of Data Storage**

**Specifications.** A 3-platter, 6-surface, 5 1/4" disk drive employing sealed media with a self-contained, recirculating filtered air system. *Formatted Capacity:* Primary Drive—11.6 megabytes, Secondary Drives—12 megabytes each. *Disk Format:* Each of the 6 disk surfaces has one movable read/write head to access 230 data tracks on that surface. A 6-track cylinder is accessible under all heads with a single seek. *Disk Size:* Three non-removable 5 1/4" disks. *Data Transfer Rate:* 5 megabits/second. *Disk Rotation Speed:* 3600 RPM. *Latency:* 8.3 milliseconds (average). *Track Access Time:* 3 milliseconds (track-to-track). *Dimensions:* 5 1/2 x 14 x 15". *Power:* 120VAC, 60Hz, 1.1 Amps. U.L. listed.

## New! Complete TRS-80 Model 12 Hard Disk System

**6893<sup>00</sup>**

Installation Extra

System  
As Shown

- **Access 12 Million Characters of Data**
- **Compatible with Most Existing Software**

Now you can have a fast and powerful computing system to handle a variety of large data applications, including accounting, inventory, electronic filing, spreadsheet analysis and word processing. This system includes the new TRS-80 Model 12 (26-4004) microcomputer with a built-in 1.25-megabyte floppy disk drive, our new 12-megabyte Primary Hard Disk Drive (26-4152) and Card Cage (26-6017). Simply add the ready-to-run software you need and you're all set.

## Put Our Ready-to-Run Programs to Work on Hard Disk

All of Radio Shack's **user-friendly software** is easy to use. We include a complete instruction manual with each package that takes you or your employees step by step through every important function. Best of all, when you use our programs with the TRS-80 Hard Disk System you get much greater data storage capacities and faster operation. For example, our **accounting** software can give your business all the benefits of computerized bookkeeping—increased speed and accuracy, tighter control, greater security and significant savings through increased efficiency. You'll be able to quickly prepare P&L statements, control your receivables, speed up collections, improve your cash flow, optimize accounts payable, increase inventory turns and analyze sales information. Our powerful **word processing** program allows you to create correction-free

letters, memos and reports by electronically manipulating your document until it's just the way you want. Then you can produce as many letter-perfect originals as you need with an optional high-speed printer. We even offer an optional spelling and hyphenation dictionary program that can proofread your text for misspelled words automatically. Our enhanced **planning and forecasting** program turns your display screen into an electronic spreadsheet and lets you do budgeting, scheduling, pricing, profit and loss projections, cash flow analysis, ratio calculations, view "what if?" situations and much more almost instantly. You can create your own personalized **data base management** system with our powerful electronic filing program. This makes it easy to keep track of price lists, business inventories, vendor and customer records and more.

**48K 1-Disk Model III.** 26-1065 ..... 1849.00

### Interactive Management Software

**99<sup>95</sup>** Each

Get Organized With a TRS-80!

With our interactive manager series and your Model III you can keep better track of important records, meetings, project schedules and personnel data. This gives you a clearer idea of what needs to be done and makes you a more effective manager.

These management programs free you from many time-consuming chores and keep your schedules and records always up to date and at your fingertips. And because they use a common command structure they're not only easy to learn, they can handle transfers of information from one program to another.

**How These Programs Can Work for You.** Suppose you work out your estimates for a particular job in Project Manager—time required, personnel required and deadlines. Enter the data and the program pinpoints critical tasks, develops schedules, and generates charts that let you maintain complete coordination.

Now you're ready to transfer the personnel information to Personnel Manager to insure that you have just the right people

## You Can Manage More Effectively

### Look What Our Manager Series Can Do . . .

- **Time Manager™**—Daily Agenda and "To Do" List Organizes and Stores Business Information
- **Project Manager™**—Evaluates and Schedules Jobs And Creates Time, Task and Resource Charts
- **Personnel Manager™**—Keeps Track of Data on Employees, Companies, Customers and Prospects

available when you need them. Next, transfer the schedule to Time Manager to make sure you stay abreast of all developments. And you can transfer the firm schedule from Time to Project Manager once you have it set.

**Powerful "Stand-Alone" Software.** Time Manager helps organize your time and key information. It can scan forward or backward in time to find data, generate a daily agenda, transfer uncompleted items to the next day's schedule, and even keep track of income received, hours worked and expenses. Project Manager provides charts to provide a clear presentation of resource schedules. Personnel Manager keeps records of personal data (addresses, salaries, and more). Used separately or together they make up a management support team that's hard to beat—and they all run on your 48K 2-Disk Model III or I.

# Business Graphics Analysis Pak for Your Model III

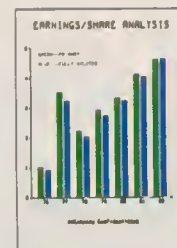

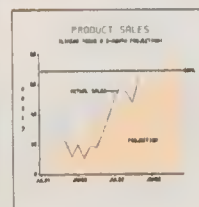

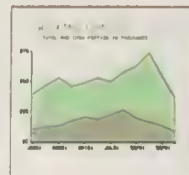

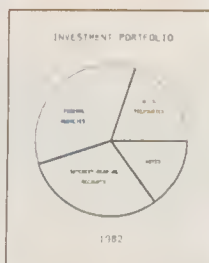

## New! 174<sup>95</sup>

- Just Enter Data . . . Program Generates Your Graph
- Select Pie, Bar, Line or Scatter Charts
- Manipulate Data and Edit Text Easily

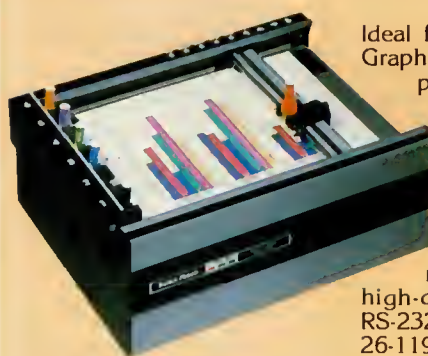

Graphics make dull data come alive. They can reveal trends, make comparisons clearer and show patterns that may be hidden in columns of figures. Now you can give your reports the graphics advantage with our new TRS-80 Model III Business Graphics Analysis Pak.

**No Computer Experience Needed.** To make a graph, all you have to do is pick whether you want a pie, bar, line or scatter chart and enter the data. The program immediately displays your graph on your video screen ready for editing. It will automatically develop settings and labels for your charts—or you can tailor them to suit your needs. Entry, editing and format setting are a breeze because they're "menu-driven". Labels can be moved and changed quickly and easily. New data can be added or values changed and the new chart viewed again before printing. You can even perform simple arithmetic or complex trend, growth, moving average, consolidation or logarithmic operations—quickly and easily.

**Produce Professional Graphs Quickly.** Charts, format settings and data (including VisiCalc DIF files) can be stored on diskette and retrieved. Choose line type, shading, stacked or grouped bars and a frame with just a few keystrokes. Indicate colors for use with our Multi-Pen Plotter (at right) or get black-and-white output with selected Radio Shack dot-matrix and daisy wheel printers. Requires 48K 2-Disk Model III. Includes manual. 26-1597 . . . . . 174.95

## Multi-Pen Color Plotter

- Vivid Graphics in 6 Colors
- Use Paper or Plastic Film

Ideal for use with Model III Business Graphics Analysis Pak. Color adds impact and interest to graphic information! Convert your dull black and white graph to an attractive printout in up to six colors. Automatic pen selection means minimal supervision. Uses hard-nib pens (six included) with paper, felt-tip markers with clear plastic for high-quality overhead projections. RS-232C serial interface. U.L. listed.

26-1191 . . . . . 1995.00  
**Plastic Film.**  
 26-1479 . . . . . 50 Sheets/13.95  
**Model III RS-232C Cable.**

1995<sup>00</sup>

## New! REKORD Filing System for Schools

- Ideal for Administrators, Counselors, Coordinators
- Tailor Record System To Suit Individual Needs

**REKORD Planner.** A data base management system designed especially for educators. It puts student records right at your fingertips and allows you to quickly search for and print records by selected parameters. First a system of descriptive categories is set up which the computer can later search for. Then a record is created for each student and the data entered by category. These records can be updated or deleted at any time. Finally, formats are designed whereby all records can be searched by set criteria and those that match printed out. The three versions differ only in the suggested categories. Includes program, tutorial diskette and sample formats. Requires 48K 1-Disk Model III.

**Administrator.** 26-2725 . . 499.00  
**Counselor.** 26-2726 . . . . 499.00  
**Special Programs.**  
 26-2727 . . . . . 499.00

## New! Math Packages for High School or College

These three outstanding programs provide challenges for students from high school to college levels. Each requires 16K Model III or I (with Model III or Level II BASIC) and cassette recorder, or 32K Model III/I disk system. Each is compatible with Networks 1, 2 and 3.

**Number Theory.** Introduction to number theory concepts in a classroom-tested tutorial sequence that lets students make their own discoveries. Covers basic properties of integers in the constructive and computational aspects of number theory.  
 26-2613 . . . . . 69.95

**Matrices, Determinants and Simultaneous Equations.** Generates problems in matrix addition and multiplication, matrix multiplication by scalar, determination of inverse matrices (2x2 and 3x3) and evaluation of determinants (2x2 and 3x3).  
 26-2620 . . . . . 49.95

**Quadratic Equations.** Provides practice in solving quadratic equations, plus equation recognition, coefficient recognition, discriminant evaluation, determining the type of roots and evaluation of roots.  
 26-2623 . . . . . 49.95

# New Low Price! The Powerful TRS-80 PC-2

**Cut

Was \$239.95 in  
Cat. RSC-8

**TRS-80 Pocket Computer Model PC-2.** This slim, portable computer puts powerful features into the hands of anyone with problems to solve on-the-go. The cassette interface lets you use our ready-to-run cassette software, or program the PC-2 yourself. Our Extended Pocket BASIC language features 42 statements, with 34 built-in functions, plus two-dimension arrays, variable length character strings, formatted printing and more. Fully-addressable 7 x 156 dot-matrix LCD for graphics or upper and lower case characters. The 2640-character memory retains programs and data even with power off. Includes 18 programmable key functions and 18 user-definable label keys. Requires four "AA" batteries. 26-3601 . . 199.95

**PC-2 Printer/Plotter/Cassette Interface.** This incredible accessory turns your PC-2 into a completely portable computer system. You can plot graphics in four colors—red, green, blue and black—using easily replaceable ballpoint mini-pens. Print upper and lower case characters in nine different sizes. The printer adds 25 commands and statements to Extended Pocket BASIC and makes plotting quick and easy. Dual cassette control allows data to be read in from one cassette, updated and stored on a second cassette—all automatically under program control. Just slip the PC-2 into the printer and add optional recorders. Uses cash register-type paper, and includes a U.L. listed AC adapter/charger. 26-3605 . . 219.95

## Acoustic Coupler AC-3

**149<sup>95</sup>**

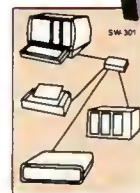

Access Data  
By Phone

This handy telephone modem is ideal for travelers—all you have to do is dial the desired number and place the handset on the interface. Great for accessing electronic information services like Dow Jones News/Retrieval® and CompuServe®. Compatible with any RS-232C-equipped TRS-80. 300 baud, full or half duplex, originate and answer. Sensitivity: -42 dBm. 2<sup>3</sup>/<sub>8</sub> x 4<sup>3</sup>/<sub>4</sub> x 10<sup>1</sup>/<sub>4</sub>". FCC registered. U.L. listed 120VAC power module. 26-1174 . . . 149.95

## Auto-Control Power Strip

**69<sup>95</sup>**

- 2-Stage Transient Protection
- Activates Up to 5 Peripherals

**SW-301.** A convenience feature the serious computer-user doesn't want to be without. Perfect for home or office. Automatically turns on up to five peripherals—disk drives, printers, plotters—when you power up your Model II, III, 12 or 16. Built-in two-stage transient protector helps prevent power-surge "glitches". Fuse protected. 3-pin grounded outlets. 2<sup>3</sup>/<sub>4</sub> x 3<sup>1</sup>/<sub>2</sub> x 4". U.L. listed. 26-1429 . . . 69.95

## Drive Clean Kits

Works in  
Seconds

**29<sup>95</sup>**  
Each

- Safe and Easy to Use
- Reduces Service Calls

The safe, easy way to clean dirty drive heads. Helps prevent read/write errors. Keeps down service calls, too. Includes two cleaning disks, solution, instructions.

|   |       |
|---|-------|
| 5 <sup>1</sup> / <sub>4</sub> " Kit. 26-407 | 29.95 |

|             |                |
|-------------|----------------|
| 8". 26-4954 | Pkg. of 5/7.95 |
|-------------|----------------|

## Anti-Glare Mask

**16<sup>95</sup>**

- Reduces Surface Glare
- Lessens Eye Strain

Your video screen reflects overhead lighting and sunshine right into your eyes. Result: eyestrain and headache. Fight back with an anti-glare mask. Fits Models I, II, III, 12 and 16. Not for color monitors. 26-511 . . . 16.95

## Typing Easel

**15<sup>95</sup>**

- Holds Books Open
- Non-Slip Base

Great for typists, computer users and students. Just place the book, manual or magazine in place and lower the T-bar. Adjusts to hold items from 8<sup>3</sup>/<sub>4</sub> to 13<sup>7</sup>/<sub>8</sub>". Collapses to compact, portable shape.

|         |       |
|---------|-------|
| 73-2003 | 15.95 |
|---------|-------|

## Screen Cleaner

**6<sup>95</sup>**

Improves  
Screen  
Visibility

Cleans safely to make your screen easier to read. Helps prevent dust buildup. Includes 50 pre-wet wipes, lint-free cotton cloth, instructions. 26-1318 . . . 6.95

## Anti-Static Spray Protects Data

Prevents  
Static  
Buildup **5<sup>95</sup>**

Use on carpet, screen, chairs and equipment to prevent unpleasant shocks and "glitches" that can destroy data. Helps protect equipment from dust. Lasts until washed off. 26-515 . . . 5.95

## Programming Aids

**2<sup>95</sup>**  
**3<sup>95</sup>**

**A Logic Flowchart Template.** ANSI symbols. 1<sup>1</sup>/<sub>10</sub>" layout grid. Clear plastic. 26-1312 . . . 3.95

**B Printviewer.** Magnifies and highlights a single-line on printouts. Includes 10, 12 cpi scales. 26-1313 . . . 2.95

## Bulk Tape Eraser

**15<sup>95</sup>**

Quickly  
Erase  
Disks  
And  
Tapes

Erase floppy disks, cassettes, 8-track and open-reel tapes in just seconds. (Not for metal tapes.) U.L. listed. 44-232 . . . 15.95

There's a TRS-80  
Color Computer  
Right for You!

**16K Standard Color Computer.** It's the perfect choice for both family fun and serious use. Just pop in an instant-loading Program Pak™ to battle starships, run a maze, play tennis—and lots more. But this colorful TRS-80 is also a powerful computer that can teach you programming, help the kids with their math or reading, let you set up a household budget or plan your investments. You can expand it anytime with more memory, a cassette recorder, disk drives, and a printer. Add a modem to access the latest news and stock market quotes by phone. With entertaining 308-page beginner's manual. U.L. listed. 26-3004 . . . . 299.95

**Color Computers With Extended BASIC.** The choice of many professionals. You can make spectacular, high-resolution color graphics—including music and sound effects—using simple one-line commands. You can even create animation! Powerful programming features include PEEK, POKE and USR commands, multi-character variable names (two significant), string arrays up to 255 characters, full-featured editing, tracing and 9-digit accuracy. Includes Standard and Extended BASIC tutorial manuals. U.L. listed.

**16K Extended BASIC.** 26-3002 . . . . . 399.95

**32K Extended BASIC.** 26-3003 . . . . . 549.95

## Create Your Own Multi-Color Charts, Graphs and Designs

### New! Affordable TRS-80 Four-Color Graphics Plotter

**Color Charts  
Clarify Financial Trends,  
Market Forecasts and Much More**

**995<sup>00</sup>**

Ready-to-Use—  
Just Add a Cable

**FP-215 Flatbed Plotter/Printer.** Now you can produce sophisticated line and pie charts, complex bar graphs, or other graphic materials in up to four colors easily! Uses standard BASIC ASCII command codes and parameters and prints text either horizontally or vertically using BASIC LPRINT command. Pens are easy to change and four are included—red, green, blue and black. Holds 8 x 11 1/2" or large size 10 1/8 x 14 5/16" paper. Plot speed: 100 mm per second (3.93 ips). Step size: 1 mm. Features self-test and automatic print functions. Includes parallel and TRS-80 Color Computer-compatible RS-232C serial interfaces. U.L. listed. 26-1193 . . . . . 995.00

### RADIO SHACK COMPUTER CENTER POLICY ON ADVERTISED ITEMS

The products in this ad were selected far in advance of this offering; therefore, situations may occur where all products may not be available at our Computer Centers. If the product is temporarily out of stock, we will issue a Rain Check enabling you to obtain the item at the advertised price. If the product is sold out, we will offer a comparable value. Some of the products, services and prices shown in this catalog are also available at selected Radio Shack stores and dealers. We appreciate your business and understanding!
